

Ptime Flies Like A Pterodactyl

Gifts Of The Paleozoic

Cast In Order Of Appearance:

Host
Coal
Petro
Salt
Stone

HOST : The Paleozoic Era left some very useful things.

COAL : One of them was something Santa leaves in the stockings of bad boys and girls.

HOST : Yes, let's see now, Santa, stockings, little brats . .

PETRO : Then there's that black gold from the ground that runs cars and is in practically everything fake that we make.

HOST : Icky, black stuff, uh-huh...

SALT : Another one is used to season food.

HOST : A popular seasoning. Very impressive.

STONE : And yet another supports many a roof.

HOST : All these are great things. Can anyone guess what they are?
